Objectifs pédagogiques	
Online Course Creation can be simple once you have mastered the art of speaking in front of a camera. Imagine yourself delivering an entire course filled with great lectures. You can be the star of your own classroom--online. You can be a confident and engaging instructor of your own course. * How to speak and lecture with confidence throughout your online course creation process * How to be confident that your course is engaging and interesting to students This course is delivered primarily through spoken lectures. Because the skill you are learning is speaking related, it only makes sense that you learn through speaking. This online course creation course contains numerous video lectures plus several bonus books for your training library.	

"5 stars! The instructions being presented here are the truth. they are the results of years of experience and expertise. I can really relate to the topics and the points are crystal clear. after all, the proof of the pudding is in the eating. I`m pumped to move on and absorb the rest of this course." Udemy student Youcef(Joe) Seyyedi

TJ Walker has been coaching and training people on their presentation skills for 30 years. Now, through the power of Udemy's online platform, he is able to give you the same high quality training that he gives in person to CEOs, Fortune 500 executives, and Presidents of countries. Only you can now receive the training at a tiny fraction of the normal fee for in-person training.
